

KORG wavestate

Wave Sequence Lane Presets

Unofficial Reference Document

Compiled by Jere Käpyaho for Conifer Productions Oy

This work is in no way affiliated with KORG, and was produced in the hope that it will prove useful for KORG wavestate owners.

This documentation was generated based on the information exported from the KORG wavestate Sound Librarian application version 1.0.1, running on macOS 10.15.7 Catalina, and connected to a KORG wavestate synthesizer with firmware version 1.0.4.
